## Job Placement Rates

Hemodialysis Technician (six-month program)

Calendar Year	Number of Students Who Began the Program <sup>1</sup>	Numbers of Graduates	Graduates Available for Employment <sup>2</sup>	Graduates Employed in the Field <sup>3</sup>	Placement Rate % Employed in the Field <sup>4</sup>
2017	40	31	30	18	60%
2018	18	12	12	10	83%

<sup>1</sup>"Number of Students Who Began Program" means the number of students who began the program who began a program who were scheduled to complete the program within 100% of the published program length within the reporting calendar year and excludes all student who cancelled during the cancellation period.

<sup>2</sup>"Graduates Available for Employment" means the graduates who, after graduation, die, become incarcerated, are called to active military duty, are international students that leave the United States or do not have a visa allowing employment in the United States or do not have a visa allowing employment in the United States, or are continuing their education in an accredited or bureau-approved postsecondary institution.

<sup>3</sup>"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

<sup>4</sup>"Placement Rate % Employed in the Field" is calculated by dividing the number of graduates gainfully employed in the field by the number of graduates available for employment.

You may obtain from the institution a list of the employment positions determined to be in the field for which a student received education and training. This information may be found by going to: <https://www.onetonline.org/link/summary/29-2099.00>.

This program may result in freelance or self-employment.

- The work available to graduates of this program is usually for freelance or self-employment.
- This type of work may not be consistent.
- The period of employment can range from one day to weeks to several months.
- Hours worked in a day or week may be more or less than the traditional 8 hour work day to 40 hour week.
- You can expect to spend unpaid time expanding your networks, advertising, promoting your services, or honing your skills.
- Once graduates begin to work freelance or are self-employed, they will be asked to provide documentation that they are employed as such so that they may be counted as paced for our job placement records.
- Students initialing this disclosure understand that either a majority or all of this school's graduates are employed in this manner and understand what comprises that work style.

## **CRESCENT SCHOOL OF DIALYSIS SCHOOL PERFORMANCE FACT SHEET**

<sup>1</sup>"Graduates Available for Employment" means the number of graduates minus the number of graduates unavailable for employment.

<sup>2</sup>"Graduates Employed in the Field" means graduates who beginning within six months after a student completes the applicable educational program are gainfully employed, whose employment has been reported, and for whom the institution has documented verification of employment. For occupations for which the state requires passing an examination, the six month period begins after the announcement of the examination results for the first examination available after a student completes an applicable educational program.

<sup>3</sup>"Salary" is reported by the graduate or graduate's employer.

<sup>4</sup>"No Salary Information reported" is the number of graduates for whom, after making reasonable attempts, the school was not able to obtain salary information.

A list of sources used to substantiate salary disclosures is available from the school. To obtain this information, the student must request from the admissions director a copy of the report.

### **Salary and Wage Information:**

The typical starting yearly wages for Certified Hemodialysis Technicians are around \$30,000 per year and LVNs working dialysis typically begin around \$45,000 per year (refer to salary.com). RNs working in dialysis typically make around \$60,000 per year (refer to salary.com).

Student's Initials:  Date:

**Initial only after you have had sufficient time to read and understand the information**

### **Cost of Educational Program:**

Total Charges for the program for student completing on-time in 2018: \$7000.

Total Charges may be higher for students that do not complete on-time.
